The City Council met Monday night but did nothing of importance, save allowing a few claims. They are pushing sidewalk ordinances and will see that it is carried out to the letter.

Good Progress.

The Lancaster Brick Co., is hustling with its kiln and will soon be ready to fire. The breaking of a machine caused some delay but that is remedied now and work is going on at a 2-40 gait.

Record Attache Honored.

Carey Mullins, THE RECORD's engineer, was elected a trustee of the colored school Saturday. Carey is a good man and will do what he thinks is right about the school's affairs.

Colored Odd Fellows Build.

The colored odd Fellows have bought the large frame ware-house back of Dr. Kinnaird's office. This will be torn away and a handsome hall erected at once.

Dr. R. Goldstein.

Dr. R. Goldstein, the noted optician, of Louisville, was here this week and placed an ad with THE RECORD for one year. Dr. Goldstein has been visiting our town for many years and is well and favorably known all over the state as a fine optician.

Judge Davison Here.

Congressman George M. Davison was in town Tuesday. He was en route from Richmond to Danville. Judge Davison spent his campaign with a speech at Richmond Monday and tells us he had a fine crowd out to hear him.

Lancaster Lady Honored.

The Louisville Post says Mrs. Roberta Eikin, of Lancaster, was unanimously elected Recording secretary of the state W. C. T. U. which has been in session in that city this week. Mrs. Eikin is an earnest worker in the Union and being thoroughly competent, will make a splendid officer.

More Like Religion.

The Central Christian church, of Lexington, was tendered to the Jews for the celebration of Yom Kippur and was accepted by them. The Jews adopted resolutions of thanks and presented them to Rev. I. J. Spencer and congregation. Here is a sample of liberalism that is as commendable as it is rare.

The Dudders Mill.

I have rented the famous Dudders Mill, near Gilberts Creek, and am prepared to furnish the very best flour. Will make a specialty of custom grinding. Farmers, bring along your wheat and corn. Satisfaction guaranteed. oct-7 JOHN Q. POTTS.

L. & N. Improvement.

The rail road people are having a large quantity of broken stone and cinders placed around the depot. The entire space used by teams is being macadamized, which improvement will be a great help to shippers. Bro. Hood will get Lancaster straightened out yet.

The L. & N. will sell round-trip tickets from Lancaster to Lexington at one fare for round-trip on account of Kentucky Trotting Horse Breeders Association. Train leaves Lancaster depot at 2:30 a. m., arrives Lexington 7 a. m. Returning arrives at Lancaster 12 m.

Better Stop It.

There are several postmasters in Garrard who permit people not subscribers to take copies of THE RECORD out and look at them. The ones doing this know of the wrong as well as we do, and our next move will be to notify the postmaster general when we are again reliably informed of this gall.

Resigned.

Rev. Henry Faulconer tendered his resignation as pastor of the Presbyterian church Sunday morning. He will engage in evangelical work in the mountains of Kentucky. We regret very much that Rev. Faulconer takes this step, as he has surely proven to be an excellent preacher and a good man to have in a community. Mr. Faulconer has the well-wishes of all christian people, and all regret that he leaves.

Break Down Quickly Fixed.

A "plug" in our steam engine worked loose last week and caused much annoyance before the run was completed. Wes Zanoone, the clever engineer at the Lancaster Mills, came to the rescue and soon had the engine fixed better than when it was new. We are also under obligations to Mr. Peter Straub, the up-to-date plumber at Stanford, for some tools, without which we would never have gotten the work completed.

Attention Ladies—New Millinery.

I have just purchased an absolutely new and fashionable stock of Millinery. No old goods among them, I do not hesitate to say to my friends, and most stylish lot of millinery goods ever brought to Bryansville. All tastefully selected, and can rig out any lady to appear on the streets of New York or Boston. My goods are all cheap, stored at my home. Call and examine them. oct-7 MISS MATTIE BRYANT.

A Mistake.

The Richmond Pantagraph, in its last issue, says Rev. T. J. Crawford, pastor of the Paint Lick Presbyterian church, died of diphtheria, and that a number of cases exist in Lancaster. The Pantagraph was grossly misinformed, as Rev. Crawford has not been ill. One of his children died of diphtheria last week at Old Paint Lick, and a local physician tells us there are a few cases there, but so far as the disease being in Lancaster we say positively that there has been none in town for many months. Of course the Pantagraph believed it had a straight item, but its informant should be more careful in circulating reports which work so seriously against a town.

Splendid Lectures.

Hon. J. Beauchamp, the celebrated lecturer, traveler and writer, has been speaking to large audiences in the Court House this week. The series of lectures will be brought to a close this evening. Mr. Beauchamp differs greatly from the average temperance lecturer who gets off the same old stereotyped speech. He is well educated, has traveled extensively and is thoroughly posted on his subject. He does not get up and abuse a poor fellow who drinks, nor does he jump on the saloon keepers and manufacturers. He claims the people are to blame for permitting the evil and they alone are responsible. Our people have enjoyed his talks greatly and hope Mr. Beauchamp will find it convenient to come our way again.

Postle-Robinson.

The marriage of Prof. Kenneth Postle and Miss Annie Robinson will be solemnized at the residence of the bride's mother, on Lexington avenue, this (Thursday) evening at 8 o'clock. The ceremony will be said by Elder George Gowen, pastor of the Christian church. The bride is the only daughter of the late William R. Robinson, who for many years was president of the National Bank, and one of Lancaster's most prominent and substantial business men. She is possessed of a lovely disposition, is highly educated and has charming manners. She is a great favorite among the young folks, and her company is always enjoyable to those about her. She will make a loving helpmeet to the man of her choice. Prof. Postle is a native of Ohio, having been raised at Columbus. He is a young man of exemplary habits and fine business qualifications. This is his second year as a professor in the local Graded Schools, and his work has given great satisfaction to those concerned. The wedding was a very quiet one, only the immediate relatives being present. The happy couple will not take a bridal tour, owing to Prof. Postle's pressing duties in the Graded School. Rev. and Mrs. J. S. Postle, of Ohio, parents of the groom, attended the marriage.

Richmond Court.  
Larger crowds have been in Richmond than Monday but a good sized one came in Monday to attend county court. Business in stock lines was brisk. Norris Bros., report 2,500 cattle on the market. Prices ranged from 2 1-2 to 4c. Many sold. A few sheep on the market brought fair prices. Horses brought from \$50 to \$112. Work mules sold from \$50 to \$100. One pair of good ones brought \$270. Mule colts \$15 to \$20.—Pantagraph.

Strayed or Stolen.

In Richmond, Ky., on Tuesday night, Sept. 27, 1898, a Sorrel Horse, 7 years old, about 15 1-2 hands high, slightly hog-backed. He is a combined saddle and harness horse, in good flesh, has scanty mane and tail, left hind foot white and small scar between hoof and pastern joint on right front foot. A suitable reward will be paid for information leading to his recovery. Notify R. H. & W. A. Pettus, Lancaster, Ky., or D. M. Stephenson, Richmond. oct-7-11

Big Sale in Madison.

The J. C. Adams sale was one of the largest sales of land and personality that has taken place in Madison county this year, and an enormous crowd was present. 177 acres were bought by Dillingham for \$43.87 1-2 cents per acre. The "Shearer place," containing 227 acres, went to J. C. Adams for \$30.25 per acre. The "Dick Campbell place," comprising 53 1-2 acres, was knocked off to Herndon at \$22.70 per acre. The John Campbell place, of 187 1-2 acres, was bought by Herndon for \$34 per acre. The building lots in "Seacy town" were not put up. Cattle brought 3-4 cents. Hogs, 3 1-2 cents; horses and mules sold well; hay brought from \$6 to \$10 a stack; corn \$1 to \$1.16 in the field; farming implements brought fair prices.—Register.

The Duty of the Hour.  
In addressing the citizens and tax payers of the county on the question of voting for the issue of \$35,000 of the county's bonds for the purchase and maintenance of the various turnpike roads within the county, I shall try to approach the subject and discuss it from the standpoint of business, not sentiment, assuming that all honorable men are unwilling to take the private property of individuals for the public benefit without a just compensation. As the matter now stands, we see a part of the county traveling free of toll, and the residue, nearly one-half, paying toll, while all are taxed to the full extent of the law alike. No one will say that this is equitable. A part of the roads are owned and operated by the Fiscal Court, a part operated by their boards of directors as heretofore. The amount of tax collected by the present assessment will not be sufficient to pay for the roads already bought for several years after the repairs of the roads and the cost of supervision is taken from the fund, which will necessitate the continuance of the present unjust conditions for an indefinite time. Such being the facts, what is the duty of every voter? Certainly to try to remedy the wrong that is being done to a large body of taxpayers. How can that inequality be remedied? By providing the Fiscal Court with a fund sufficient to buy and pay for all the roads at once, by the sale of a sufficient number of the county's bonds, running twenty years at least. The bonds could be floated at a low rate of interest, and by levying a small tax sufficient to pay the interest and create a sinking fund with which to pay off the bonds, or any part of them after the expiration of five years, thus extending the time in which the debt can be paid, and, by the natural increase of the taxable property of the county, the debt could be more easily paid from the increased revenues of the county. This is my view of the duty of the hour. A TAX PAYER.

FRIDAY, October, 7 1898.

THE California prune crop is said to be very large. That accounts for the fullness of this administration of that key fruit.

HON. GREEN R. KELLAR, editor of the Carlisle Mercury, will be a candidate for secretary of state. Mr. Kellar is a gentleman well fitted for the place.

THE Burgin Messenger issued a handsome boom edition last week which reflected great credit upon its hustling editors and proprietors. The press work was especially fine.

How things do change. It used to be the custom to do white-washing in the spring of the year, but now the administration has changed the practice by doing the calcimining when winter is almost upon us.

THE fakir with "Lots for Sale" has swung his sign in Cuba and is said to be doing a big business. If there are any capitalists left hereabouts who failed to get enough of Kentucky boom towns, they should go to Cuba immediately, call early and avoid the rush.

ALL the great Powers in the world save Germany have agreed to participate in the international disarmament conference suggested by the Czar of Russia. Germany is said to be feeling the position of its close friends before giving an answer. Germany's failure to participate would block the plan.

THE American Commissioners at Havana expect to have the American flag flying over Havana within three weeks. They believe that the presence of American troops will greatly hasten the movement of the Spaniards and will facilitate the distribution of relief supplies.

THE W. C. T. U. want ginger-pop used at the banquet to be given the President at Chicago. The average banquet of today is only a big drunk, and the word "banquet" is used merely as a blind. It might be called a "respectable jag." Take the wine and whiskey out and these gatherings would be like the play of Hamlet with Hamlet left out.

Now is the time when a man looks at his last two or three years' overcoat and wonders whether it will answer for another campaign, while the good wife hurries to the shop and invests any number of dollars in a new wrap, with a long tail, utterly neglecting that sealskin, which is a little out of style, because the sleeves are too big, or too little. And yet we wonder at the interest in the question, is marriage a failure?—Ex.

THE Courier-Journal published Monday morning from its Washington correspondent a careful summary of the outlook for the congressional elections next month. The Democrats will need a gain of fifty-four members in order to control the next House, and it is considered hardly possible for such a gain to be made without a landslide. It is quite possible that the Populists may hold the balance of power in the next House.

FIFTY or sixty thousand troops will be sent to Cuba, Secretary Alger says. They will not be concentrated any more than is necessary. After all the regiments needed for Cuban service have been designated about 50,000 will be left in camps. The camp at Lexington, Camp Meade in Pennsylvania, and Camp Black in New York, are to be abandoned and only the Southern camps will be maintained for winter quarters of the remaining troops.

If the American Republic is to live, we must provide against political corruption in high places, remarks the Lexington Argonaut. We must estimate its character, the law of its motion, the orbit of its course, its magnitude, and the spirit of the power which presides over its activity. Villainous causes beget villainous effects. The effects of disaster to our army arise from no other cause, except Republican corruption, associated with the hydra-headed enemy of humanity—avarice and greed.

## STATE NEWS PICK-UPS.

## KILLED BOTH.

Man and Woman Murdered by an Unknown Assassin—Murderer Said to Be the Woman's Husband.

HENDERSON, Ky., Oct. 5.—A man who is said to be Charles Williams, and a woman whose identity has not been established, were shot and killed opposite Evansville by an unknown man.

A stranger, armed with a gun, crossed the river in a skiff. He met a man and woman in a grove, and immediately opened fire. The women fell dead, and the man received a mortal wound in the head. He was conscious, and said that the dead woman was the slayers wife. He gave his name as Charles Williams. The murderer escaped.

In the boat several papers were found containing the name of Jesse J. Cornell. Coroner Rouseau believes that Cornell did the shooting and that he will be captured.

The sheriff is on the track of Cornell. As the shooting is investigated it appears that the woman deserted her husband for Williams, with whom she was living at the time of the tragedy.

## CONGRESSMAN BERRY.

His Opinion is That Uncle Sam Should Take and Keep Every Foot of Land That Came to Us By the War.

NEW YORK, Oct. 3.—A special to the Times from Washington says: Representative Berry, of Kentucky, who is a member of the committee on foreign affairs, when asked what position the democrats would take about annexation, answered without hesitation: "I can answer only for myself. My own position is that the United States should take and keep every foot of ground that has come to us by virtue of thrashing the Spaniards. We should do this without listening to or considering the opinion of any other nation. If we choose later on to give away or sell any part of this conquered territory, it is our right to do so, and no other power can say aught against it. What we have won by the sword is absolutely our own."

## A Captain Placed Under Arrest.

LEXINGTON, Ky., Oct. 3.—Capt. J. E. Williams, of Company I, 8th Massachusetts, was placed under arrest and confined to his quarters Sunday for neglecting to inspect the guard while he was officer of the day. He has been temporarily relieved of his command, Lieut. F. P. Smith, of Company C, being placed in charge of his company. The matter may come before a court martial, though it is a trivial offense, subject to a petty fine.

## A Cyclone in Louisville.

LOUISVILLE, Ky., Sept. 30.—A brief cyclone did considerable damage to buildings and trees in the eastern part of the city Thursday evening. The small slaughterhouse in which Louis Fix, an unmarried butcher, 34 years old, was working was wrecked, and he, with his pet bulldog, was instantly killed. His body was terribly crushed, and was buried under a mass of brick and roofing.

## Appointed His Wife.

FRANKFORT, Ky., Oct. 3.—Commissioner of Agriculture Lucas Moore appointed his wife to the clerkship in his office made vacant by the enforced resignation of John M. Faulkner. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and, to our surprise, it cured him sound and well.

Adna, the eldest child of Rev. and Mrs. A. W. Crawford, died of diphtheria Saturday morning, after only three days illness.

She was only 8 years of age, a member of the Presbyterian church, and a lovely christian child.

Her loss will be deeply felt, not only among the members of the family, but all in the community will miss her sweet smile, which she always wore.

She was an unusually bright child of her age, and God in his Providence saw best to take her out of this sinful world to walk with Him above.

The bereaved parents have the sympathy of all who have the honor of knowing them.

J. W. Smith has been very low with pneumonia. Hurlbert, his son, who has been very feeble for sometime, is gradually growing worse, and his little baby girl, came very near dying with whooping cough.

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.

Miss Henri Fish has returned to Crab Orchard from a delightful visit to Miss Rella Arnold at Lancaster, loud in her praises of the people of that city, who know so well how to entertain visitors.—Stanford Journal.

A report was in circulation last night that Col. Andy Rice, of Garrard, was dead, but one of the youngest and healthiest-looking men in town early this morning was the Colonel. He says he has no idea of dying—not until after the next circus, anyway.—Danville Advocate.

And we suspect he would also like to take in at least one more mountain dance before departing. "Big" Rice is one of the cleverest men in Kentucky, and should be left on earth for many years as an example of honesty, uprightness and clever heartedness.

Speaking of the W. C. T. U. Convention the Louisville Post has the following among its notes:

Mrs. Beauchamp's annual address was full of valuable statistics and a summing up for the year. She referred to the gratification felt by the W. C. T. U. at the action of Miss Christine Bradley, who made for herself and for the women of Kentucky a national reputation in the christening of the battleship Kentucky.

Christine Bradley was brought up in the Royal Temperance Union of Lancaster, Ky., and for this the ladies of that union may well feel an honest pride.

Mrs. Beauchamp. \* \* \* Mrs. Roberts Ekin, of Lancaster, a daughter of Gen. D. R. Collier, and President of the Eighth district W. C. T. U., responded on behalf of the delegates from that section. Mrs. Ekin's eloquent effort was greatly appreciated, mingling as it did a great deal of patriotism and love of country with words that voiced the sentiments of every woman. She was wife, mother, daughter, sister or sweetheart, in this broad land. Her touching allusion to the entire reunion of the blue and gray was warmly applauded.

### To the Wild and Woolly West.

Mr. R. E. Henry, who has been at work in this office for several years, has concluded to carry out Horace Greeley's advice and go west to grow up with the country. He will first visit his relatives in Arkansas and then locate in Oklahoma. It almost took the wind out of The Record's sails for Bob to leave, as he filed his position so acceptably. He was faithful at all times and did his work in a cheerful manner. He was far from being a mama's darling, consequently was the kind of help one wishes to employ. We can heartily recommend Bob to anyone wishing an honest, reliable man. Captain White and Tommy Hammonds will stick the type for the paper. We will set our own ads. and do job work. We hope those owing the office will note the last sentence and fork out what they owe. Our already big task being doubled we will have no time to make fifteen to twenty trips for every dollar owing us.

### F. O. A.

Mr. L. D. Routt, General Organizer for the Fraternal Order of America, instituted a Council, of 30 charter members at Odd Fellows Hall, last Saturday night.

The officers, for the first year, are as follows: G. M. Patterson, W. C.; John Estes, W. V. C.; J. T. Hill, W. P. C.; J. J. Barton, Prelate; Dr. J. M. Acton, Secretary; J. C. Thompson, Cashier; Treasurer; H. C. Hamilton, C. G.; Malcolm Tillet, L. S.; Silas Moss, O. S.; W. A. Arnold, James Clark and J. C. Gastineau, Trustees.

The Ritualistic work is said to be most excellent and the insurance feature is very desirable, giving protection at what it is worth. The plans are among the most approved, and the order is under gilt-edge management, the Supreme Council being under the supervision of some of the best men in Cincinnati. Mr. Routt is a competent, affable gentleman and has won the respect and confidence of the entire community.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Storms Drug Store. 1m

### B. M. Burdett Here.

Our old friend and fellow-citizen, B. M. Burdett, who has been living in Florida for the last eleven years, called on us Monday morning. Except for a little wear and tear he looks natural and seems to be himself as in the days of yore, is cheerful, bright, and looks as if he might be of good use for years to come. We know he will if he will only come back to Lancaster and live in the pure atmosphere he was used to. He tells us that he is rather tired of Florida and its killing frosts and freeze-outs, and that his wife is more so, and perhaps he may come back to Kentucky to spend the balance of his days. He tells us that he brought

a suit in the Breathitt circuit court last week for the Breathitt Coal, Iron and Lumber Co., to recover a tract of 1,200 acres of land and that the suit involves the title to a boundary of 120,000 acres of very fine coal and lumber lands. He feels confident of success, and his opinion upon a legal proposition is, in our opinion, entitled to the highest respect. One thing is certain, if he fights this case as he used to fight cases when we knew him best, his clients will get the benefit of all there is in the case, and may consider themselves fortunate in procuring his services; and besides, he tells us he has Judge Mat Walton, of Lexington, an old Lancaster boy, and Mr. J. E. Patrick, a son-in-law of our old citizen, Tom Richards, associated with him in the case. That makes a strong team,—all from and through Lancaster—the grand old town, whose sons know no defeat.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve the great pile cure. Storms Drug Store. 1m

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Storms Drug Store. 1m

### Giovannoli-Kinnaird.

The marriage of Mr. Harry Giovannoli and Miss Carrie Kinnaird, daughter of Mrs. Mary Kinnaird, was solemnized Wednesday at half past twelve at the residence of the bride's uncle, Mr. James Kinnaird, Lexington avenue. The ceremony was performed in a most impressive manner by Dr. E. M. Green, of the First Presbyterian church, assisted by Rev. J. R. Savage, of the Methodist Episcopal church. The wedding was a very quiet one, only the immediate members of the families being present. The absence of all attempts at ostentation, the simplicity and refinement that marked the occasion intensified the solemnity and was in perfect harmony with the character of these two much-admired and greatly beloved young people, both of whom are well-known in Danville and the State and possess a host of friends who will join with every member of the Advocate's force in extending heartiest congratulations and bidding them Godspeed. Mr. and Mrs. Giovannoli left at noon for New York, to be absent about a week.—Danville Advocate.

Mr. Giovannoli has been connected with the Advocate for several years. There is not a better all-round newspaper man in the state. Socially he is one of the best fellows in the world. Everybody likes Harry. He is blessed with the gift of making it pleasant for all he meets with, and time never drags when in his company. As an old friend we extend heartiest congratulations.

### Foot Ball.

Lancaster versus Richmond High school. Game called at 3 o'clock, on Dr. Herring's grounds, tomorrow, Saturday. Admission 15 cents, ladies free. A good team has been selected and a hot game is promised.

### The Editor Enjoyed It.

An editor died of starvation after making Dr. Tanner ashamed of himself, was being escorted to heaven by an angel who had been sent out for that purpose.

"May I look at that other place before we ascend to eternal happiness?" "Easily," said the angel.

So they went below and skirmished around, taking in the sights. The angel lost track of the editor, and went around hadda to hunt for him. He found him sitting by a furnace fanning himself and gazing with rapture upon a lot of people in the fire. There was a sign on the furnace which said: "Delinquent subscribers!"

"Come," said the angel, "we must go."

"You go on," said the editor, "I'm not coming. This is heaven enough for me."—Exchange.

### The Cruel Knife!

It is absolutely useless to expect a surgical operation to cure cancer, or any other blood disease. The cruelty of such treatment is illustrated in the alarming number of deaths which result from it. The disease is in the blood, and hence can not be cut out. Nine times out of ten the surgeon's knife only hastens death.

My son had a most malignant cancer, for which the doctors said an operation was the only hope. The operation was a severe one, as it was necessary to cut down to the jaw bone and a large piece of the neck was removed. The cancer returned, and he began to grow rapidly. We gave him many remedies without relief, and finally, upon the advice of a friend, decided to try S. S. S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the cancer disappeared entirely, and he was cured. The cure was a permanent one, for he is now old, and has never had a sign of the dreadful disease to return.

Absolutely the only hope for Cancer is Swift's Specific.

### S. S. S. The Blood

as it is the only remedy which goes to the very bottom of the blood and forces out every trace of the disease. S. S. S. is guaranteed purely vegetable, and contains no potash, mercury, or other mineral.

Books on Cancer will be mailed free to any address by the Swift Specific Co., Atlanta, Ga.

### FARM AND STOCK NOTES.

In some parts of Norway corn is still used as a substitute for coin.

Good cows are never found in neighborhoods where the practice of using any kind of a little scrub bull as a sire is followed.

Do Not Be Imposed On.

Always insist on getting Foley's Honey and Tar, as it is positively, absolutely and unqualifiedly the best cough medicine. Accept no substitute.

Hugh Bell, of Circleville, Ohio, bought of various Garrard county parties eight ear-loads, consisting of 200 fine cattle at 4c per pound. The stock was shipped via the L. & N. to Ohio, where they will be fed for export.

No unpleasant odor or taste will result in the milk from cabbage fed to cows just after milking, night and morning. Generous quantities of outside leaves and loose heads will show great results in increasing the milk supply.

If the poultry business does not pay it will almost always be found that the fault lies with the owner, and not with the business itself. Either he

does not understand what he is about or he does not give it sufficient attention. There is money in poultry.

A stallion cough or tickling in the throat yields to One Minute Cough Cure. Harmless in effect, touches the right spot, reliable and just what is wanted. It acts at once. Stormes Drug Store.

That man has the best prospect for a successful season on the farm who has his work well in hand, and has no inclination to overreach himself in his desire to cover too much ground. Give the crops the best of intelligent care from start to finish, and there are nine chances out of ten that we will get a good crop for our pains.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. INCLINATION, Dr. EXPERIENCE and Dr. REASON to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs opening the secretions and restoring the system to a natural and healthy condition. Ironical Ifs.

If a girl suffers from chapped lips she never blames the chaps.

If a man speaks without thinking, he's apt to say what he thinks.

If a man is lucky he never speaks of the proverbial luck of fools.

If a man has no scruples about fishing on Sunday they're apt to have dreams.

If there is nothing in a man he is not on the visiting list of opportunity.

If gossip would stop to think their tongues would get a much needed rest.

If the teacher flogs a girl pupil he hits the miss; if the girl dodges she misses a hit.

If people would frankly admit their ignorance lots of useless argument might be avoided.

If you want to borrow trouble you will always find people willing to lend it without security.—Chicago News.

It Hits The Spot.

When suffering from a severe cold and your throat and lungs feel sore, take a dose of Foley's Honey and Tar. When the soreness will be a grateful relief, and a warm feeling of parts affected will be experienced and you will say: "It feels so good. IT HITS THE SPOT." It is guaranteed.

**MOTHER!** There is no word so full of meaning and about which such tender and holy recollections cluster as that of "MOTHER"—she who watched over our helpless infancy and guided our first tottering step. Yet the life of every Expectant Mother is beset with danger and all effort should be made to avoid it.

so assists nature in the change-taking place that the Expectant Mother is enabled to look forward without dread, suffering or gloomy forebodings, to the hour when she experiences the joy of Motherhood. Its use insures safety to the lives of both Mother and Child, and she is found stronger after than before confinement—in short, it "makes Childbirth natural and easy," as so many have said. Don't be persuaded to use anything but

### MOTHER'S FRIEND

### CONFEDERATE VETERANS.

They Receive a Cordial Invitation to Visit the Trans-Mississippi International Exposition at Omaha.

NEW ORLEANS, Oct. 5.—Adj. Gen. Moorman, by order of Gen. J. B. Gordon, commanding United Confederate veterans, Tuesday issued an order stating that a cordial fraternal letter has been received at these headquarters from Gen. L. S.
